The Trainer's EDGE replaces the Trainer Development Conference as the required train-the-trainer course. This course is for all council, district, troop, crew and pack trainers. It is also required for Wood Badge and NYLT staff and is meant to supplement the practice offered through staff development, while raising the level of skill a trainer brings to the staff experience.

This course is intended to "train the trainer" on behaviors and resources while offering hands-on experience in methods and media. Trainers should know that only practice can polish your presentation skills. As more than half the course is built on learner participation, please bring with you a 10 minute presentation on any scouting subject. This will make your class work easier and more productive.
